Construction Site Security

## Traffic Marshal

Monitor and manage the vehicles entering and leaving your construction sites.

The traffic marshals acts as ears and eyes of construction sites vehicle drivers. Fast K9 traffic marshals are trained to control and manage site traffic in order to ensure the safety of site workers and general public.

The traffic marshals ensure:

- that all routes for entering and exiting the site are free from obstructions.
- that they are aware of possible hazards and distractions for drivers.
- the safety of site workers and general public by keeping an eye on site traffic and continuously communicating with vehicle drivers.

## Benefits of deploying Fast K9 Traffic Marshals on your sites

The smooth progression of your project requires an effective control of traffic on your construction sites. The presence of a visible traffic marshal is an excellent way to ensure that site workers are safe from any potential accidents.

Fast K9 traffic marshal are fully qualified and experienced and have your best interest at heart.

## Fire Marshal

Protect your commercial and residential buildings with our 24/7 fire marshal service.

Key responsibilities of fire marshal are:

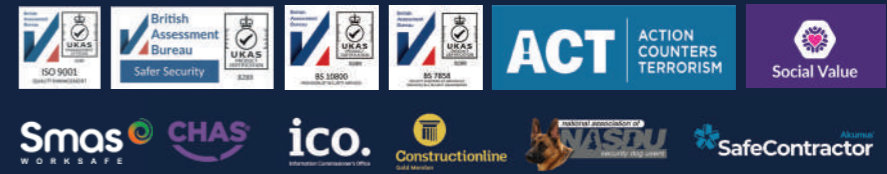

- To make sure no fire hazard left unstored in the common area.
- To make sure all fire exits are clear at all times.
- To notify the designated person of any potential danger.
- To keep an eye on the smoking area.
- To keep the fire resistant doors closed at all times

Contact Fast K9 Security on **0203 668 3654** now to discuss your your Traffic or Fire Marshals requirements and one of our dedicated team member would be happy to help.

## K9 Security Dog Handlers

- Fully trained security dogs and licensed handlers
- Security cover available at short notice
- Quality services at competitive price
- Free security signage at your premises

Fast K9 security dogs are an effective measure to prevent crime before it happens. Our canine units are trained to detect any form of infiltration. The intimidating appearance of our security dogs is considerable deterrence for intruders and opportunist in reducing and eliminating criminal activities at your premises.

Fast K9 proactive approach towards handling security issues helps our clients to focus their attention where it needs most.

## Monitored CCTV Tower

Protect your premises with our 24/7 monitored smart rapid deployment CCTV tower

Construction sites, unoccupied properties, and rail projects all benefit from our intelligent, round-the-clock monitored quick deployment CCTV towers. If you're looking for cost-effective solutions without sacrificing site security, we've got you covered!

Our quick deployment CCTV towers are monitored 24 hours a day, seven days a week, and serve as a very visible deterrent to any trespassing on your property. With our towers, you'll save up to 86% on on-site security expenditures by eliminating the need for security officers to be physically present. Rapid deployment CCTV towers are monitored around the clock by our NSI gold-certified monitoring center.

## Why choose our K9 Security?

Our K9 unit is an excellent choice for vulnerable locations with high incidence of break-ins e.g. empty properties, warehouses, retail and industrial parks. Our NASDU certified K9 units are always ready to protect you and your premises 24/7, 365 days a year.

In order to provide a trustworthy and dependable service, all K9 handlers employed by Fast K9 security are fully vetted and screened in accordance with BS7858 and NASDU.

Presence of canine(K9) unit on site sends a clear message to potential intruders and trespassers that you do not let the site security be compromised. Our K9 Units serve as a visible and loud deterrence for potential intruders and vandals who may try to enter your premises.

## Why choose us for your Rapid Deployment Monitored CCTV Tower service?

- The whole facility is protected at all times.
- The mast may be extended to cover a larger region.
- Our smart detection technology has a low rate of false alerts.
- An audio system that will scare away any intruders..
- Detection of incursion from all angles.
- A long-lasting power source is provided by the blue energy power pack.
- It is possible to install more fast deployment towers to increase coverage.
- The best security solution for construction and empty buildings, rail and highway projects, utilities and infrastructure constructions, and more.
- Superior in terms of effectiveness and cost-savings than more conventional forms of security.

## Protect your sites with our 24/7 Canine (K9) unit

Our guard dogs are trained to promptly notify their handlers of any movement and continue to show controlled aggression. Fast k9 dog handlers are trained and experience in handling such situations till police arrive on site. Fast K9 security offers highly trained K9 units to secure your sites nationwide 24/7, 365 days a year, whether it is a short term or long-term basis, on a single or multiple locations.

Contact Fast K9 Security on **0203 668 3654** now to discuss your security requirements and one of our dedicated team member would be happy to help.

## Time-Lapse Camera System

Capture the real time progress of your construction project with our rapid deployment time-lapse camera system.

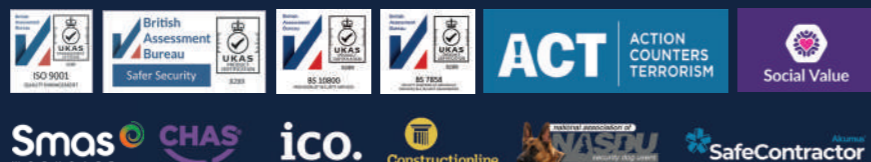

Among the numerous sophisticated features of our time-laps camera system are following:

- Graphics, pictures and audio are combined to produce 4-8k videos.
- All the information is coded for the duration of the project.
- Time lapse video serves as an effective marketing tool for potential clients and investors.
- Online user portal to view progress on daily or monthly basis
